Coverage:
1QT (0.95 L)
up to 50 sq.ft. (5 m²)
Coverage rates are indicative.

Packaging:
1 QT (946 ml) 6 plastic bottles per box

WHAT IT'S FOR

- Strips stone sealers.
- Removes paint and graffiti from treated and untreated surfaces.
- Highly effective on rough and porous materials such as concrete, brick veneer and natural stone.
- Removes film and old paint layers from terracotta.

ADVANTAGES

- Easy to use.
- Non-corrosive.
- Contains biodegradable ingredients.

HOW TO USE IT

READY TO USE, no dilution required. Apply **PROSTRIP** directly on the surface with a flat brush or airless sprayer. Let sit for at least 5 minutes, then scrub with an abrasive pad. Rinse thoroughly. For best results, rinse vertical surfaces with a pressure washer and clean floors with a floor cleaning machine. Should any stubborn dirt or residue remain, reapply the product following the same application process (for example, on porous materials such as brick, natural stone, etc.).

To remove the residue of topical sealers such as WET ECO after an incorrect application: apply the product directly on the surface with a flat brush or airless sprayer. Let sit 15 minutes, scrub the surface with a brush o floor cleaning machine and rinse thoroughly with water. To remove stubborn residue, repeat the application.

Storage temperature: between 41°F and 86°F (5°C and 30°C). Must be applied at temperatures between 41°F and 86°F (5°C and 30°C).
